Your guide is equipped with a First Aid kit and PLB which are located in the Guides day pack. Inside the 4WD vehicle there is a Fire Extinguisher under the driver's seat – A first Aid kit behind the passenger's seat and a Satellite phone in the centre Console.

- **Firearms Safety** – Please advise your guide of your hunting / firearms experience and please advise if you have a current firearms licence. While on this guided hunting trip you are still 100% responsible as the shooter and the same NZ Firearms Licence 7 basic rules apply.

- **Emergency Situation.** – In the event of an emergency please listen to your hunting guide for instructions – in the unlikely event your guide can not give instructions then please find and activate the PLB (personal Locator Beacon) or if you have CELL PHONE reception then please Dial 111

Thank you for taking the time to read and discuss with your guide the above key area's around your Health and safety while on this hunting trip – We trust you will have a safe and enjoyable hunting trip and if we can assist with anything then please feel free to ask.
